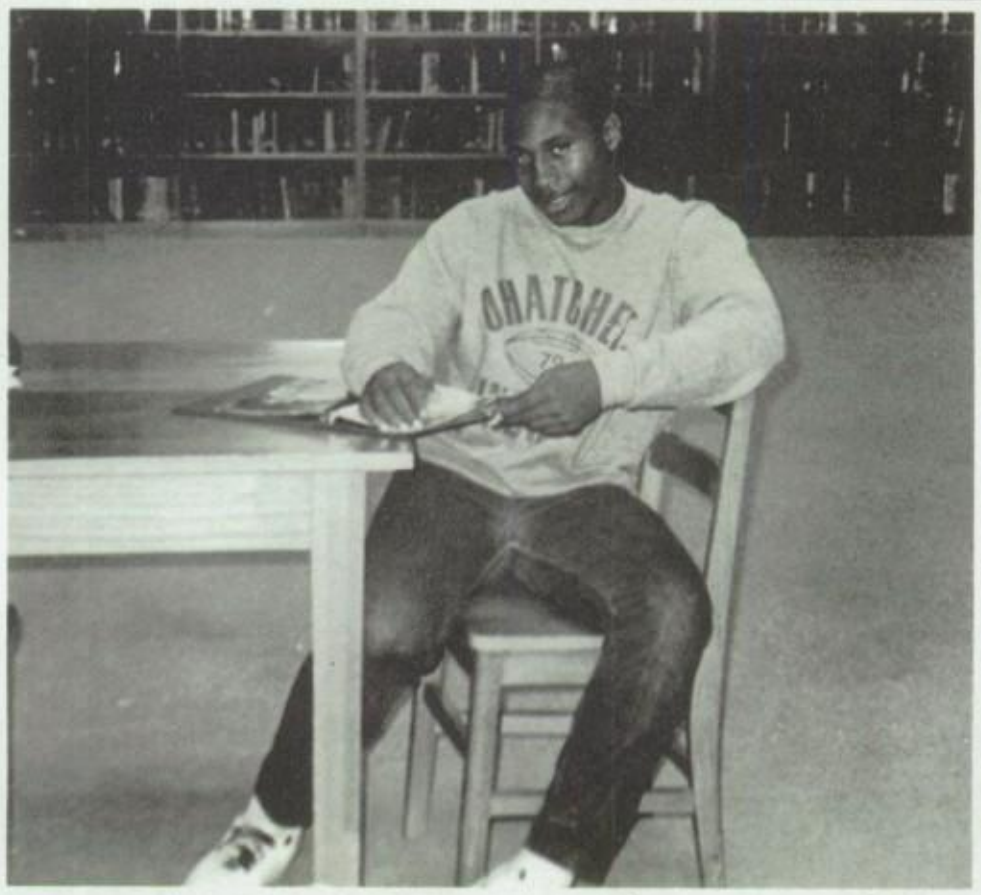
Check Us Out!

ELLO
YELLO



As we go through each day, whether it's a dreaded Monday or an exciting Friday, our friends are the ones who make the days so much brighter.

People need people, And friends need friends love is the priceless gift that we send.

Whether it's at lunch, in our classes, or just passing in the halls, there is always time found to share that friendly smile.

Thank your for the times you cared
and all the moments that we've shared
Thank you for the precious memories
A friend to me you'll always be.

Understanding is — knowing without words how friends feel.

Check Us Out!

Check Us Out! Another year! The passage of time "flew" as the days rolled "slowly" past. Precious memories of our times in school we will always hold dear: all the times we strolled unhappily through the door and ran drowsy-eyed and yawning to our next class; the times when we made fools of ourselves on "football Fridays" and yelled until we were hoarse at the pep rallies and came to the games just to show the team that we really did love them.

Each one of us has spent so much of our time with our friends and classmates, that nothing can ever eliminate those times from our memories. We are the students of OHS — from Kindergarten to Junior High to Seniors. We are friends, old and new. Along with the faculty and members of our community, we are the many dedicated sponsor's of "Creekband Pride." We are proud of who we are, and the things we do here. This is **Ohatchee High School,** and we are the INDIANS!

Memories . . . of a Senior

As we reach out our hand
The diploma we grasp,
While we think of the memories
Of the years in the past.

Tears fill our eyes
Because it's all gone,
We're starting a new life,
We have to move on.

We hope friends will keep in touch
As the years pass us by,
Although it hurts inside
We'll think of kindergarten
And our first day,
Now we've reached the end
We are going away.

How do you say good-bye
To friends who mean so much?
Will there be time
To sincerely keep in touch?

You'll always have the memories
Of your school years from day one,
Don't think of school as ending-
Think of a new life just begun.

CLASS PROPHECY

SENIOR CLASS PROPHECY

One day while driving down Highway 431 in my old car (the Monark), I decided to see how fast my car would really go. I proceeded to push the accelerator all the way to the floor as it continued to speed up rapidly. It ran faster and faster and the speedometer suddenly disappeared. Then the day became mysteriously dark, and my car would no longer run. As I opened the car door, I realized that I was no longer in the year of 1986 but was in the year 2000. Our friendship began amost eleven years ago,
We've wondered would we make it, but will we ever know?

We've struggled through many times both trying and hard,
And when new people came to our school we were
yielding in letting down our guard.

We've shared many things together, and we've cried a few times too,
Our laughs have been many, our bad times have been few.

Who knows what will happen in the next few years ahead,
Our new skin we will grow as our old we start to shed.

Our friendship began almost eleven years ago,
We've wondered would we make it, in a year I guess we'll know.

"It's Been a Great Year . . .

The Sophomore year was a real blast;
Everybody thought it went by so fast.

All through the year we studied and learned,
Only to be forgotten when school was adjourned.

Through and through, it was a great year;
Even Ms. Gatlin's class, which we loved so "dear."

IN THE IMAGINATION OF A FRESHMAN . . .

In the far outer limits of our minds, and deep in the untouchables of our hearts, is a totally different school. A school where the human mind knows nothing of knowledge conceivable to our minds of today This world is a world without "boredism" in which the human brain takes another galaxy with every feeling of daydreaming. Only few have found the key to unlock the door to this world. These fortunate ones have experienced the ultimate dream of all. A breath in their world is equaled to a lifetime in jail here. These people are lost in a never-ending journey of knowledge which takes them nowhere, but yet everywhere, in the far reaches of the minds of Freshmen students at Ohatchee!

Seventh grade is very different from what we are accustomed to,
but if we try hard enough we can make it through.
High school is so confusing you think you're going to burst,
but when you stop and think a while, it's really only our first.
Seventh grade is not just hard, tough, and rough;
you also get certain priveleges and some other stuff.

Not Just Another Football Game!

September 27, 1985

The 1986 homecoming week was filled with excitement as we prepared for the grand finale — the homecoming game. As the night finally arrived we all felt the energy floating through the air. Even the Indians could feel it as they carried the Tribe to a homecoming victory over Briarwood. As the homecoming court entered the field during half-time, the crowd's attention turned to our new homecoming queen, Carol Acker, as she was crowned. She is a member of the senior class, and took part in many activites the past year. Carol is the daughter of Mr. & Mrs. Gerald Acker.

After the game there was a dance honoring Carol and her court: Ginger Zurchin, Eleanor Douthard, Jennifer Culver, and Jr. Princess Shone Nance.

Midnight Magic . . .

April 18-19, 1986

The night was filled with mystical experiences for all the girls who were involved in the 1986 beauty pageant, but most especially for the ones who were crowned on this special night. The setting was filled with the fairytale "Cinderella." The entertainment of the night added excitement and suspense as eveyone waited for the magical moment when the winners would be announced. The suspense was ended when the winners were crowned, and prince Charming had found the Cinderella of the evening.

HEAD COACH — TIM SANDERS

Starting in August, the Football Team worked long and hard hours. Many hot days were spent preparing for the upcoming season. Though many sacrifices were made, excitement filled the air as the time approached for the first game.

Under the watchful eye of head coach Tim Sanders the Ohatchee Indians advanced to the first round of the state playoffs and ended the season with a record of 5-6. They deserve our praise for a job well done.

BEGINNER BAND

Seniors — Back Row: Bice, Legon, Zurchin, Acker, Haynes, Tucker. Front Row: Brown, Epperson, Gilliland, Hester, Dunaway, Bryant, Hunt.

The band began the year with a new look and a new bandroom. The new red, white and black uniforms and the bandroom gave each member an added touch of pride, which was made evident by the great year the band had.

Football season was great and very exciting. The band received superior ratings at both marching competitions at Guntersville and Midfield. Concert season was also very exciting. They passed district with superior ratings and then competed at state. At State, which was held at the University of North Alabama in Florence, the band received superior rating for an excellent performance. This was the first time our band made superior at state. Our band has done a great deal of hard work every year. Good luck and congratulations band for a great job.
